

Appendix D - SHOW Ongoing Data Requests (Core Data)

UW SMPH						
Researcher	Project Description/Title		Department/Faculty Lab	Year Submitted	Project Type	Status (Ongoing, Complete)
Lauren Schrader	Circadian gene rhythmicity, food intake and obesity	SMPH	METC/Bradfield	2019	(10) Biosamples	Active-Data Delivered
Lindsay Kalan	Sample selection for oral swab microbiome testing	SMPH	Faculty - Medical Microbiology and Immunology	2019	(9) Ancillary Partners	Active-Data Delivered
Jeremiah Yee	RNA transcription and the Aryl Hydrocarbon Receptor	SMPH	METC/Bradfield	2019	(4) Manuscript Development	Active-Data Delivered
Jessica Hahn	Epigenetics and the Gut Microbiome	SMPH	Biomolecular Chemistry/Denu and Rey	2020	(6) Student Project (PhD)	Active-Data Delivered
Alex Mikulas	Disparities in neighborhood context and sense of community	CALS	Sociology/Curtis and Engelman	2019	(6) Student Project (PhD)	Active-Data Delivered
Leah Foltman	Racial Disparities in sense of community	CALS	Sociology/Curtis and Engelman	2019	(6) Student Project (PhD)	Active-Data Delivered
Amanda Eggen and Bryan Hall	Health and Cancer	SMPH	Urology/Tracy Downs, Dawn Davis Medicine	2017	(4) Manuscript Development	Active-Data Delivered

Ibrahim Chaves	SES, social disadvantage and gut microbiome	SMPH	Medicine/Safdar	2020	(4) Manuscript Development	Active-Data Delivered
Indira Cavalcandi	Assessing the relationship between oral health and the presence of MDROs	SMPH	Medicine/Safdar	2018	(9) Ancillary Partners	Active-Data Delivered
Maria Pinzon	Barriers to Access to Care in Older Adults	SMPH	Faculty/UW Madison and Community Health	2019	(3) Grant Development	Active-Data Delivered
Maria Schletzbaum	Antibiotic use and indications in a community sample of adults in Wisconsin	SMPH	MSTP Student/Christie Bartels, MD, MS	2019	(4) Manuscript Development	Active-Data Delivered
Matt Tattersall	SHOW matched controls for Asthma Study (K Award)	SMPH	Assistant Professor/Department of Medicine	2019	(9) Ancillary Partners	Active-Data Delivered
Rachel Anderson	Diet and chronic disease	SMPH	Medicine/Dudley Lamming	2020	(6) Student Project (PhD)	Active-Data Delivered
Simor Yadgir	Trends in blood pressure level and treatment in Wisconsin	SMPH	M1 Shapiro Student Medicine/Brian Patterson	2019	(6) Student Project (M1)	Active-Data Delivered
Tung Nguyen	Vitamin B and gut microbiome (Shapiro project in Nasia Safdar's lab)	SMPH	Medicine/Safdar	2020	(4) Manuscript Development	Active-Data Delivered
Anne Ersig	comparison in kids with depression/anxiety vs those without	SMPH	Nursing/Faculty	2018	(4) Manuscript Development	Active-Data Delivered
Anne Ersig	load and depression/anxiety in young adults with food allergies vs those	SMPH	Nursing/Faculty	2018	(4) Manuscript Development	Active-Data Delivered
Anne Ersig	comparison in kids with depression/anxiety vs those without (Older	SMPH	Nursing/Faculty	2018	(3) Grant Development	Active-Data Delivered

Diane Lauver	Describe differences in health behaviors by sex and by type of health professional	SMPH	Nursing/Faculty	2018	(3) Grant Development	Active-Data Delivered
Olufunmilola Abraham	Frequency of (current) teens in homes with prescribed opioids.	SMPH	Pharmacy/Faculty	2019	(8) Exploratory Analysis	Active-Data Delivered
Allison Rodriguez	Factsheet for Latino Pilot Community Partners, summary data	SMPH	Health Sciences/Malecki Data Dissemination	2020	(1) Internal Inquiry	Active-Data Delivered
Corinne Engelman	Ancillary partner data - Vitamin D	SMPH	Population Health Sciences/Faculty	2019	(9) Ancillary Partners	Active-Data Delivered
Ellie Holzhausen	Measures of Physical Activity and Sleep, Validity by Age and Proxy vs. Self-report in	SMPH	Population Health Sciences/Peppard	2019	(4) Manuscript Development	Active-Data Delivered
Ellie Holzhausen	change in risk factors between baseline (WARRIOR) and follow-up (PMRC) result in	SMPH	Population Health Sciences/Peppard	2019	(7) Student Project (PhD Level)	Active-Data Delivered
Ellie Holzhausen	Exercise and microbiome data	SMPH	Population Health Sciences/Peppard	2018	(6) Student Project (BS/Master's Level)	Active-Data Delivered
Ellie Holzhausen	Use the number of hours someone spends outside as a proxy for serum vitamin D levels.	SMPH	Population Health Sciences/Peppard	2018	(6) Student Project (BS/Master's Level)	Active-Data Delivered
Erika Hagen	Sleep and microbiome	SMPH	Population Health Sciences/Peppard	2018	(4) Manuscript Development	Active-Data Delivered
Eunice Park	Community engagement and general health	SMPH	Population Health Sciences/Oliver	2019	(6) Student Project (BS/Master's Level)	Active-Data Delivered
Hannah James	Relation between PTSD and gut microbiome: gut-brain axis	SMPH	Population Health Sciences/Schultz	2019	(6) Student Project (BS/Master's Level)	Active-Data Delivered

Jacque Cronin	Milwaukee data dissemination	SMPH	Population Health Sciences/SHOW Dissemination	2020	(1) Internal Inquiry	Active-Data Delivered
Jen Weiss and Shaneda Warren Anderson	Colorectal Ca Cases and Screening	SMPH	Population Health Sciences/Anderson	2019	(3) Grant Development	Active-Data Delivered
Kristen Malecki	Epigenome and Sources of Urban/Rural Disadvantage in Wisconsin	SMPH	R01,Engelman,Michals	2018	(8) Grant Development	Active-Data Delivered
Kristen Malecki	SHOW methods paper and longitudinal follow-up	SMPH	Population Health Sciences	2018	(4) Manuscript Development	Active-Data Delivered
SHOW	CIDR air pollution and lead	SMPH	Health Sciences/Malecki Data Dissemination	2020	(4) Manuscript Development	Active-Data Delivered
WHO	Covid-19 response rate tables	SMPH	Health Sciences/Malecki Data Dissemination	2020	(1) Internal Inquiry	Active-Data Delivered
Linn Jennings	ABSI zscore for manuscript	SMPH	Population Health Sciences/Wolf	2018	(8) Exploratory Analysis	Active-Data Delivered
Maria Nikodemova	TLR Ancillary Study	SMPH	Population Health Sciences/Faculty, Scientist	2020	(1) Internal Inquiry	Active-Data Delivered
Maria Nikodemova	Perceptions and attitudes towards own body weight.	SMPH	Population Health Sciences	2019	(4) Manuscript Development	Active-Data Delivered
Marietou Ouayogode	Associations between obesity and food access / food security / diet	SMPH	Population Health Sciences/Faculty	2019	(8) Exploratory Analysis/Grant Development	Active-Data Delivered
Megan Agnew	Residential mobility and history in rural cancer health disparities	SMPH	Population Health Sciences/Engelman, M	2020	(4) Manuscript Development	Active-Data Delivered

Megan Agnew	Exposure During Childhood Improve Mental Health and Reduce Sedentary	SMPH	Health Sciences/Malecki Data Dissemination	2019	(4) Manuscript Development	Active-Data Delivered
Maggie Nolan	Maggie Nolan: No-Working Title	SMPH	Preventive Medicine/Remington	2018	(1) Internal Inquiry	Active-Data Delivered
Sabrina Murphy	Urban / rural depression in relation to suicide risk factors	SMPH	Preventive Medicine/Remington	2019	(4) Manuscript Development	Active-Data Delivered
Wesley, UMa	Stroke biorepository pilot	SMPH	Surgery/Reserach Faculty, Senior Scientist	2019	(10) Biosamples	Active-Data Delivered

Other UW Madison

Researcher	Project Description/Title	Institution	Department	Year Originally Submitted	Project Type	Status (Ongoing, Complete)
Cameron Currie	unemployment, and family composition (female-headed households),	UW	CALS - Bacteriology/Facult	2018	(8) Exploratory Analysis	Active-Data Delivered
Judy Simcox	Lipidomics analysis using plasma samples	UW	CALS - Biochemistry/Faculty	2020	(4) Manuscript Development	Active-Needs Data
Brian Christens	Census Data - SHOW Comparisions; SoHE Extension	UW	School of Human Ecology/Faculty now at Vanderbilt University	2018	(4) Manuscript Development	Active-Data Delivered

Lydia Aston	physiologic biomarkers and non-standard consumer decision-making.	UW	School of Human Ecology/Faculty	2018	(8) Exploratory Analysis	Active-Data Delivered

Outside Institutions/Partners

Researcher	Project Description/Title	Institution	Department	Year Originally Submitted	Project Type	Status (Ongoing, Complete)
Jessica Stroope	Active Transportation and Sense of Community	LSU	Public Health	2020	(7) Student Project (PhD Level)	Active-Data Delivered
Lena Swander	WI DHS Economic Analysis	State	Department of Health Sciences	2020	(2) External Inquiry	Active-Needs Data
Melissa Murphy	screen time and depression, anxiety and behavior problems State fact sheet/reports	State	Department of Health Sciences	2019	(2) External Inquiry	Active-Data Delivered
Danielle Washington	Food insecurity, sociodemographics, safety net services and health	UWM	Public Health/Lorraine Malcoe	2020	(6) Student Project (BS/Master's Level)	Active-Data Delivered
Michkaela Becker (Mustafa Becker)	Health insurance coverage	UWM	Public Health	2019	(8) Exploratory Analysis	Active-Data Delivered
Mustafa Hussein	Healthcare policy and social inequality in health: the underlying role of literacy	UWM	Public Health/Faculty	2018	(4) Manuscript Development	Active-Data Delivered
Phoenix Do	Health disparities multi-level modeling	UWM	Public Health	2020	(8) Exploratory Analysis	Active-Data Delivered

Robert Schneider	Milwaukee Safe Streets project	UWM	Urban Planning	2019	(8) Exploratory Analysis	Active-Data Delivered
Jared Olson (Kristen Beyer)	PhD dissertation work on community gardening and health; SHOW has comparison	MCW	Medical School/Beyer	2017	(7) Student Project (PhD Level)	Active-Data Delivered
Jonelle Campbell	Neighborhood green space, air pollution and sleep quality and duration in children	MCW	Medical School/Beyer	2020	(4) Manuscript Development	Active-Data Delivered
Kate Bednarke	Neighborhood green space and respiratory health and function in children	MCW	Medical School/Beyer	2020	(4) Manuscript Development	Active-Needs Data
Kristen Beyer and Jared Olson	Allostatic load and metabolic syndrome	MCW	Medical School/Beyer	2018	(4) Manuscript Development	Active-Data Delivered
Michael Hii	Proximity to coal burning power plant and respiratory health	MCW	Medical School/Beyer	2020	(4) Manuscript Development	Active-Needs Data
