

SENSE OF COMMUNITY IN MKE

What do SHOW participants have to say about Community?

We asked SHOW participants in our 2018- 2019 City of Milwaukee survey how they felt about their neighborhoods. Here's what they told us:

Findings link sense of community to safety

SHOW Participants in the City of Milwaukee who reported a stronger sense of community also reported stronger feelings of safety from neighborhood crime and traffic.

Why this matters:

Data like this can inform effective community organizing and neighborhood improvement projects that benefit everyone.
