

Discrimination

These questions are about the way you have been treated during your life because of issues such as your race, ethnicity, gender, age, religion, physical appearance, sexual orientation or other characteristics. The answers to these questions will help us understand different experiences people in the SHOW study have had. There are no right or wrong answers, only your experiences.

Let's start with experiences you may have had on a day-to-day basis.

Please check the circle in the column that most closely matches how often this has happened to you.
